

# Babysitting remotely

---

## What is it?

Remote babysitting is helping to entertain or look after a child using a video calling app.

## How does it work?

Parents are still home in case there is an emergency or situation that you cannot handle virtually.

## Reading

Help children learn by reading to them.

## Tutoring

Help children with homework or create your own lessons.

## Arts and Crafts

Set up DIYs to do together via video call!

## Playing Games

Try games like Simon Says, I Spy or Charades. Try activities like singing, dancing or making music!
